## A World-Class, Award-Winning Distributor of All Things Electrical

We are SK Electro Sales, one of the top distributors of electrical products in Southern India, particularly across Telangana and Andhra Pradesh.

In an era when electrical products are the heart and soul of business and economic developments, we help clients make the most of electrical innovations and stay ahead in the race through a comprehensive portfolio of products, extensive dealer networks, and high-value channel partnerships with market-leaders like Havells India Ltd. and Polycab Wires Pvt Ltd., among others.

Established in 2008, we have built a solid, decade-long reputation as one of the most reliable distributors and channel partners of electrical and lighting products. We owe our exponential growth and success to our deep-rooted values and our constant endeavours to innovate.

Over the years, SK Electro Sales has emerged as a trustworthy and consistent brand, synonymous with top-notch distribution. With the main focus and aim to deliver our 100% to ensure complete customer satisfaction, we are growing and scaling new heights. This only means we are setting new benchmarks to not just meet, but exceed the changing needs and expectations of our clients.

The spirit of transformation and excellence that runs in our DNA has helped us secure numerous long-term business relationships with esteemed clients across industry segments including Iron & Steel, Cement Industries, FMCG companies, Infrastructure Companies, Government Sectors, to name a few.

Today, SK Electro Sales represents renowned brands in the categories of wires and cables, industrial, commercial and LED lighting, and industrial range of MCBs, distributions boards, power capacitors, and so on.

Moving forward, we aim to penetrate newer markets and expand our presence in other regions to grow our brand and footprint along with our dealer networks. We strive to adapt ourselves to constant innovations in the field of distribution while continuing our tradition of excellence.
